

## November – December 2017

1. How many people spoken to?

150

2. What they are saying:

More things to do locally, opportunities to meet other people and engage in meaningful and fun-filled opportunities for both adults (individuals) and families with children. Also specific activities such as lunch club and youth activities.

3. Any community ideas?

As mentioned above – a local lunch club. Also projects with local children and youth.

4. Any quotations?

“I enjoy coming to the breakfast club. This is a chance for me to leave my home and all those duties and have a moment to enjoy and meet with my friends. Coming to the breakfast feels like a real break from everyday tasks at home and around children, and I and my friends enjoy it so much. Thank you!”

A lady, Kingsland Breakfast project participant.

5. The best way to feedback this information to others is the community.

- Regular community newsletter
- ‘What’s on’ poster in the local area
- Regular meetings with individuals, groups, community events
- Social media
